HOME THEATER COLLECTION: THE PURSUIT OF PERFECTION

IMMERSIVE  
POWERFUL

# THE PURSUIT OF PERFECTION

The Sony legacy is built on a commitment to creating technology that enables unrivaled experiences. For nearly seventy years, the company has led entire industries by embracing this approach with intention and discipline. We've applied all of that innovation to the portfolio of home audio products you see here. For those looking for that elevated experience, we are proud to offer a collection that represents the pinnacle of home theater technology.

## HT-A9

### HOME THEATER SYSTEM

#### 4.0.4ch

The HT-A9 Home Theater System with 360 Spatial Sound Mapping technology calibrates to your unique space and creates multiple phantom speakers for a sound environment that seems to expand beyond the walls of the room. The Immersive Audio Enhancement button on the remote upscales regular stereo audio to close to 7.1.2 surround sound. With support for 8K HDR,<sup>1</sup> 4K/120p,<sup>2</sup> and Dolby Vision<sup>3</sup> video passthrough, all your favorite movies and games can be vivid and hyper-real.

## HT-A7000

7.1.2ch

**DOLBY ATMOS<sup>®</sup>**

The HT-A7000's built-in side beam tweeters and subwoofer, X-Balanced speaker unit, and Sound Field Optimization combine with technologies that support Dolby Atmos<sup>®</sup> and DTS:X<sup>®</sup> audio as well as 8K<sup>1</sup> and 4K/120p<sup>2</sup> video passthrough. Add on the optional wireless speakers for 360 Spatial Sound Mapping and it's a whole new world of audio.<sup>4</sup>

## HT-A5000

5.1.2ch

DOLBY ATMOS®

The HT-A5000 has up-firing speakers, side beam tweeters, built-in subwoofers, and advanced technologies that support Dolby Atmos® and DTS:X® audio as well as 8K<sup>1</sup> and 4K/120p<sup>2</sup> video passthrough. And with optional rear speakers supporting 360 Spatial Sound Mapping,<sup>4</sup> your movies, TV, and music enter a whole new realm.

**HT-A3000**

**3.1ch**

**DOLBY ATMOS<sup>®</sup>**

Discover the HT-A3000 and experience all your favorite movies, shows, and music as you've never heard them before. With three front speakers, including a center channel for clear dialogue, and a powerful built-in dual subwoofer, this is a soundbar that fills your space with authentic surround sound. It's even compatible with optional rear speakers for enjoying 360 Spatial Sound Mapping technology.<sup>4,7</sup>

## SA-SW5

---

### WIRELESS SUBWOOFER

---

Amplify your entertainment with this optional wireless subwoofer. The seamless pairing instantly adds 300W<sup>5</sup> of clear, powerful bass and subtle low-frequency audio to all your favorite movies and music—for a home theater experience that feels fully cinematic and totally immersive. *Pair with: HT-A9, HT-A7000, HT-A5000 and HT-A3000.*

## SA-SW3

---

### WIRELESS SUBWOOFER

---

Your home theater system gets a serious boost from this optional wireless subwoofer. Designed for seamless pairing, the simple wireless setup adds 200W<sup>6</sup> of deep, powerful bass to all your favorite content, delivering an authentic cinema feel for your movies and immersive sound for your music. *Pair with: HT-A9, HT-A7000, HT-A5000 and HT-A3000.*

## SA-RS5

---

### WIRELESS REAR SPEAKER

---

With wide-directivity woofers and up-firing speakers, this fully wireless battery-powered set provides enhanced surround sound and a wide spatial sound field. Our 360 Spatial Sound Mapping creates phantom speakers around the room so everyone can hear content the way it was meant to be heard.<sup>7</sup> *Pair with: HT-A7000, HT-A5000 and HT-A3000.*

## SA-RS3S

---

### WIRELESS REAR SPEAKER

---

These optional wireless rear speakers connect up automatically, right out of the box, bringing crystal-clear, room-filling surround sound that makes any home a home theater. Pair them with a compatible soundbar and enjoy 360 Spatial Sound Mapping.<sup>7</sup> *Pair with: HT-A7000, HT-A5000 and HT-A3000.*

Use of the TVs require consent to Google Terms of Use and Privacy Policy.

<sup>1</sup> 8K: 7,680 x 4,320 pixels. Upscaled, simulated and enhanced 8K images will vary based on source content. <sup>2</sup> 4K: 3,840 x 2,160 pixels. Game title supporting 4K/120fps required. <sup>3</sup> Dolby Vision content compatible with streaming services or compatible content device connected via HDMI input (sold sep). <sup>4</sup> Two subwoofer choices (SA-SW3 and SA-SW5) and a set of rear speakers (SA-RS3S) are optional equipment designed to help you enhance the immersion of your content. <sup>5</sup> Power output and total harmonic distortion: measured at 2 ohms, from 28 -200 Hz; rated 130 W, minimum RMS power, with no more than 1% total harmonic distortion from 250 mW to rated output. Power output (reference) 300 W (at 2 ohms, 100 Hz). <sup>6</sup> Power output and total harmonic distortion; measured at 2 ohms, from 28–200 Hz; rated 130 W, minimum RMS power, with no more than 1% total harmonic distortion from 250 mW to rated output. Power output 200 W (at 2 ohms, 100 Hz). <sup>7</sup> Compatible rear speakers (SA-RS3S, SA-RS5) and soundbar (HT-A5000, HT-A7000 or HT-A3000) and a software update on the soundbar are required to enjoy 360 Spatial Sound by 360 Spatial Sound Mapping technology. Software update available now. Soundbar OTA (Over-The-Air) software update available now. Network connection required for software updates.
